

San Antonio
Cactus and Xerophyte
Society, Inc.

MAY 1987

The San Antonio Cactus and Xerophyte Society will have their regular monthly meeting this coming Wednesday evening at the San Antonio Garden Center. Refreshments will start at 7:00pm, and the business meeting will begin at 7:30pm. The Uhl's and Littletons will host the refreshments.

Program will be by Gene Turpin on cacti that can be found in this area. Randy Schulze will have the mini program on cactus and succulents in northern Mexico.

Info on that Camera Seminar is as follows: 30th May, 6:00pm Saturday. Please contact Claude Townsend. This seminar is by appointment ONLY, so you must make reservations if you are interested in this seminar. We do expect a good turnout on this, but dont forget to call.

THE PRES SAZ---how to get rid of mice?, well use coka-cola says he. Place in dish where the little critters are gathering. Mice love it. (9 out of 10 mice say coke over pepsi---but theyre not picky) Anyway, mice will not be able to expell the "gas" that is formed. We call this burping. They bloat up and have a heart attack. Its cheap, safe, and effective.

Recipe: NIGHBLOOMING CERI

"The ripe fruit, peeled, of the Night Blooming Cerei, can be used in fruit and vegetable salads, for added color and flavor."---taken from a member of the Epiphyllum Society of America

PLANT AUCTION AND RAFFLE are really needed. Everyone should bring at least 1 or 2 plants for an auction, per year, and of course all the raffle plants you can dig up.

WE HAVE a Show Chairman for next year. To be announced.

After every show, we allways have a good number of inquires about our club, and a good percentage of our members today heard about our club from visiting our show. We extend a special invitation to all those who are interested and we hope that you will attend this upcoming meeting Wednesday. We have two good programs slated, and we try to never have a dull moment, and well, were interested in getting YOU interested, in cactus.

RAFFLE AND AUCTION

COOKIE WAUGH
Recording Secretary
(ph:679-7698)

Our club would like to extend its deepest sympathy to Ruthell Littleton, for her mother who had passed away earlier this month.
